Attractive Suits for Attractive Dressers.

A good dresser always attracts attention. This great Clothing and Furnishing trade has been advanced by catering directly to the requirements of the best dressers. It does not apply immediately to the most expensive sorts. A little careful judgment on the part of those seeking to make only moderate outlays in their clothing bills will admit of a wide scope in the selection of a pretty, stylish and becoming Spring Suit at a cost not exceeding a ten spot. It is a big Saturday business here to supply the demand for the store's famous productions in stylish Suits for men at \$10. A big business here has been worked up by giving the people big values.

\$10 Suits.

Drop in and let us give you a few pointers on these celebrated ten dollar Suits—it is a study here to dress people well, it matters not how moderate the charges—there is none among them that is not properly tailored and positively not one that is not made of a conscientious good fabric that can be recommended for good service. The line consists of choice Cheviots, Worsted, Serges and Cassimeres—made up in all of the newest and best forms. Well-dressed men are continually making their exit from the store more than pleased with their purchases, when they consider the amount of style and satisfactory results they have secured for the little money it cost them.
